PRESIDENT SAILS FROM NEW YORK

Steamer George Washington, With
Airplanes Circling Overhead,
Moves Away at 10:20

CROWDS CHEER VESSEL AWAY

Transport Lapland Loaded With
Homecoming Boys Dock as George
Washington Departs.

(By United Press.)

New York, Dec. 4.—President Wilson is on the high seas on his way to the peace conference. His steamer, George Washington, crossed Sandy Hook and headed for France at 11:45 a. m. today.

New York, Dec. 4.—With President Wilson and Mrs. Wilson standing on the deck, the steamer George Washington, going to the peace conference, moved away from her dock at 10:20 a. m. today. As the steamer backed out into the stream two American airplanes circled overhead. Two destroyers took their station beside the vessel. Large crowds cheered the vessel away.

Shortly before the vessel sailed, the transport Lapland loaded with homecoming troops came up and docked, waiting for the George Washington to pass. Pres. and Mrs. Wilson joined in welcoming the boys back.

The president's special train arrived here at 7:40 this morning. It backed onto a switch beside the pier. As the George Washington sailed in to the lower bay, the convoy fleet swung into line, headed by the dreadnaught Pennsylvania, which is to lead the voyage.

Previously to President Wilson's departure, it became known that he goes determined against militarism in any form. The crushing of Prussian militarism was a part of his plan for the future peace of the whole world, the President feels according to persons who conferred with him on the transport George Washington.

A picturesque military reception was accorded the President, Mrs. Wilson, Secretary of War Baker, Secretary Lansing, Secretary Tumulty and others who were passengers on the President's special train.

Between the spur of track on which the train drew up at the entrance to the pier and the North river terminus of the pier, an archway of American flags had been erected. As the President stepped from the train and shook hands with General G. H. McManus, bugles and drums sounded, and an army band played "The Star-Spangled Banner." Army guards and girls of the army transport service were drawn up in military formation.

Accompanied by General McManus and his staff, the presidential party moved slowly under the archway of flags and between solid rows of soldiers, who presented arms as the President and Secretary Baker passed.

Admiral Albert Gleaves, head of the cruiser and transport division of the Atlantic fleet, met the President and shook hands with him at the entrance to the gangway.

The President said good-by to General McManus and, accompanied by Admiral Gleaves, went on board the transport, where he was introduced to Captain McCauley, the commander of this former North German Lloyd steamship.

Secretary Baker planned to leave the George Washington before it got under way. Secretary Tumulty, however, remained on board for a final conference with the President and it had been arranged for a tugboat to take him off at quarantine and bring him back to the city.

President and Mrs. Wilson had breakfast alone in the private dining room which is part of their suite. Later they took a short stroll.

LT. M' GUIRE ON WAY HOME

His Aero Squadron Sails From Liverpool on Adriatic Monday

Relatives of Lieutenant William C. McGuire of the 472nd aero squadron, who have been scanning the war department announcements every day for his unit, were rewarded today when they saw the 472nd listed among the air squadrons which sailed from Liverpool on the Adriatic Monday for New York. Lieut. McGuire enlisted a year ago last month and has been in England engaged in construction work for nine months. Before entering the army, Lieut. McGuire was a member of the firm of McGuire and Shook, architects.

SERGEANT WOOLLEN REACHES NEW YORK

Former Rushville Boy Comes From England on Mauretania After Five Months Abroad

IN BOTH ENGLAND AND FRANCE

Sergeant Wilbur Woollen, formerly of this city, landed in New York yesterday, from England, according to a message received here today. Sergt. Woollen is a member of the 168th aero squadron which sailed from Liverpool last week on the Mauretania. His message said:

"Just arrived on the Mauretania and am on good old American soil. Certainly received a wonderful welcome by city. Am feeling fine and expect a discharge in two weeks."

Sergt. Woollen is the son of W. A. Woollen, former L. E. & W. agent here, who now lives in Summitville. He enlisted in the aviation section of the signal corps December 13, 1917 and sailed July 1 last, landing in England first. He was in France for a short time and then returned to England.

EACH STOCKHOLDER WILL RECEIVE \$4.05

Report of C. A. Frazee, County Fair Association Receiver, Shows Balance of \$1,017.43

248 SHARES OF STOCK HELD

Every stockholder in the defunct Rush County Fair association is entitled to \$4.05 for each share of stock he holds, according to the report of the receiver, Charles A. Frazee, which has been placed in the hands of Judge Will M. Sparks of the circuit court.

There are 248 shares of stock held by individuals and corporations and the balance on hand after the receivership expenses were paid is \$1,017.43, according to the receiver's report, which shows total receipts of \$8,710.40 and disbursements of \$7,692.97.

Stockholders may call at the office of the clerk of the circuit court to get their share of the balance. The basic price of the stock was \$20, but in late years some of it has sold as low as \$2.50 a share, and in some cases stockholders have offered to give it away. Some of the fund remaining will likely never be disturbed because cases are known of stockholders who have died after leaving here.

MAY GET FURLOUGH

Charles J. Caron returned last night from Chillicothe, Ohio, where he visited his son, Corporal Jerome Caron, Company K, 30th Infantry, who is in a base hospital there recovering from a wound in the hip sustained October 10. Mr. Caron says that his son is looking well and that he may get a furlough to come home next week.

SOME GROUND FOR FOUL PLAY THEORY

Mystery in Death of Mrs. William Powell of Near Waldron Not Cleared up by Coroner

FOUND BURNED TO A CRISP

Wound Found on Scalp and Trail of Blood From Place to Where Body Was Discovered

Shelbyville, Ind., Dec. 4.—Mysterious circumstances surrounding the death of Mrs. William Powell, who was found dead several weeks ago at her home east of Waldron in Shelby county were not cleared up by Dr. G. I. Inlow, county coroner, who filed his verdict late yesterday. He says death resulted in "a manner unknown."

The body of Mrs. Powell was found burned to a crisp, lying on the floor of a room in her home by her husband and sister, Mrs. Anna Buell, who had been away.

The coroner says, from testimony given at the inquest and from conditions about the house, there is some basis for the theory of foul play. Mr. Powell says he believes his wife was murdered. He says she received a check from Indianapolis a few days before her death.

Ralph J. Edwards, an undertaker said he found a wound on the scalp and that woman's nose had been crushed. He said it appeared as if she had been struck on the head with some instrument. Mr. Powell said blood and human hair had been found matted on two chairs in the room, and that there was a trail of blood from the wall to the place where the burned body was found, a distance of ten feet.

It could not be determined how the fire started. No matches were in the room and no oil. It is understood that the matter is being investigated by the prosecutor's office.

DISCUSSES PROSPECT OF FINISHING STREET

City Council Talks Informally Regarding Chances For Completing Pavement in Third

NO RESTRICTIONS DUE TO WAR

No business of any consequence was transacted at the city council meeting last night, the session lasting little more than a half hour. There was some informal discussion of the prospect of the Third street improvement being completed next spring, since the war is over and there are no restrictions thrown about public work.

It is probable that an effort will be made to reach an amicable agreement regarding the injunction suit which the Indianapolis & Cincinnati Traction company filed against George T. Miller, the Third street contractor, and his superintendent, Roy Evans, last September, and which resulted in halting the improvement. The T. & C. alleged that it was impossible to go on with the pavement, according to the plans and specifications, because of the company's inability to get the steel rails.

A temporary injunction was granted against the contractor by Judge Sparks September 7 and later the city of Rushville was made a party to the proceedings. Evidence was heard on the matter of granting a permanent injunction October 23, but nothing further has been done about the case.

ALLIANCE REPORTED

XMAS SHOPPING IS DONE IN NOVEMBER

Great War Taught Among Other Things Lessons of Prevision and Efficiency

NO GERMAN MADE DOLLS

Whole Shopping Tendency and Demand of Christmas Shoppers is for Good Goods.

November, just ended was undoubtedly the time of more Christmas purchasing in Rushville than ever before. The reasons are not a once apparent, but it is sure that they are pleasing to the merchants as they should be, and are beneficial to the buyers themselves. It has been advanced as a theory that the great war has taught some lessons of prevision and efficiency, which needed sorely to be given and received.

The merchandise offered for Christmas time is as good as ever it was. The prices are higher, in range, yet they are no higher, indeed in many items not as high proportionately as other prices are. The matter of toys has undergone a considerable change. The sign "Made in Germany" no longer smites the eye of the shopper, and the German made doll is not to be found. Nobody would buy it if it was. Instead, and it is the opinion of everybody who has seen the line—particularly the mechanical boys—which also used to made almost exclusively in Germany—that they are better, very much better, than ever the German craftsmen turned out. The German made toys somewhat as he made war—with great cunning but poor even childish calculation of the consequences of movements; also, he did both with the ignoring conviction that nobody else in the world could do either, at all. In mechanical toys made in Germany, the purchaser would get a pretty little contrivance, which looked impressive and sold cheap. Wound up three times, sent on three journeys across the floor, and the toy became what the great Hun war-machine is to day—a wreck, a ruin, useless and hopeless.

Not so with the mechanical toys made in America. They cost more, and they ought to, for they ran, and run, and run. They wear like Americans themselves.

The whole shopping tendency and demand is for good goods. The cheap, the flimsy and the useless—apart from toys, which are by no means useless to children—are not asked for. It follows that the actual money expenditure for this Christmas probably will go higher, by many a thousand, than ever before.

Some special lines of goods are sold out already, so well have the people learned the lesson of early shopping. Merchants hope the last few days before Christmas will be saved for the small army of shoppers who will wait for their Christmas Savings Club money, reinforced by that other army of constitutionally tardy shoppers, who will do nothing before the eleventh hour.

ESCAPE WITH SECURITIES

(By United Press.)

Leavenworth, Ind., December 4.—Thousands of dollars in Liberty bonds, war savings stamps and other securities was procured by robbers, who entered Leavenworth's state bank early last night and forced open safety deposit boxes. Three men were in the party. After looting the safety boxes they fled in an automobile. The machine broke down three miles from the city and they awakened a farmer and forced him to take them to Milltown, where they boarded an outbound train.

REPORT ABOUT 139TH FALSE

Capt. Dawson and Not Whole Regiment Sails From French Port.

It appears that the report from Indianapolis that the 139th Field Artillery, in which are many Rush county boys, sailed from a French port Monday, is another "grapevine". It develops, since the Indianapolis News last night printed the text of a cablegram received by the wife of Captain Mark A. Dawson, Battery A, 139th, that it was only he and not the whole regiment which had sailed for home. A story in the Indianapolis Star yesterday morning said that the whole regiment had sailed. It was based on the cablegram received by Mrs. Dawson.

RESTRICTION ON USE OF SUGAR REMOVED

It is Announced There is no Limit on Purchases For Homes or Eating Houses

NEW CROP BEGINS TO ARRIVE

Washington, Dec. 4.—Restrictions on the purchase of sugar for consumption in homes and public eating places have been removed by the food administration. Increase in the supply of Louisiana cane and western beet sugar and expectation that the new Cuban crop will begin to arrive soon, permit abandonment of the sugar ration system, the administration said. Regulations limiting the purchase of sugar by domestic consumers to three pounds a person a month and by public eating places to three pounds for every ninety meals served, were issued by the food administration last June. These rations were later reduced to two pounds for each person a month and two pounds for each ninety meals. Since the cessation of hostilities the food administration had relaxed the restrictions gradually until the ration reached four pounds.

DISCUSSION OF PEACE TERMS IN THE SENATE

Resolution is Introduced Calling on President to Interpret His Fourteen Terms

PUBLICITY IS DEMANDED

(By United Press.)

Washington, Dec. 4.—Discussion of President Wilson's fourteen peace terms broke out today in the senate. Senator Frelinghuysen introduced a resolution calling on the president to interpret the fourteen terms. Frelinghuysen declared it is impossible to say that the fourteen terms represent the view of the American people, because no interpretation has ever been made, defining just what they mean.

Senator Walsh, of Montana, criticized him for raising such an issue, a year after the president outlined the terms.

Senator Borah, of Idaho, officially announced a resolution providing that as soon as a treaty of peace shall be received by the senate, it shall be made public. The exclusion of Germany from the proposed league of nations was demanded.

84 MORE CASES OF THE 'FLU' DEVELOP

Reports Received by Health Officers Indicate That Epidemic is Growing in County

6 NEW CASES IN RUSHVILLE

Milroy, Reporting 48 Additional Patients, Calls on Red Cross for Nurses Today.

With eighty-four more cases of the influenza reported in Rush county during the last twenty-four hours, only six of which are in Rushville, the epidemic did not seem in the least abated, but rather to be growing.

Milroy and vicinity seems to be the worst afflicted community in the county. Today's report includes forty-eight new cases in that neighborhood, bringing the total number of patients discovered to be suffering with the disease in the last ten days, up to 119. It is estimated that there are at least one hundred and fifty cases in Milroy and vicinity. A hurry-up call for nurses was sent to the Red Cross today from Milroy.

The city health board is not alarmed at the situation here because the daily reports of new cases do not indicate that the malady is gaining ground. For two weeks the average daily number of new cases has been about five. Some days no new patients have been found and on others new cases have run as high as seven. A very small percent of the patients are school children, supports the belief of the health officials that there is not likely to be any epidemic break out in the schools.

Many patients in Milroy and surrounding neighborhood are suffering for the want of care, according to the report which was received here today, and the Red Cross was making every effort to locate some nurses which could be sent there. There was not much prospect of any local nurses being released, however, because as quickly as a nurse is discharged from one home here, there are always several places open for them.

Dr. Kennedy of Milroy yesterday reported five more cases in addition to the seventy-one which he has reported to the county health officer since November 24, making seventy-six which have come to his attention in ten days. Dr. Lampton of Milroy reported forty-three more cases yesterday.

The report of Dr. Bowen of Occident, showing thirty new cases since November 30, discloses that the malady is fast spreading in the northern part of the county. His report stated four patients developed the disease on November 30, seven on December 1 and nineteen on December 2.

Today's reports make the total number of patients which have been afflicted since the influenza became

TEN MILES NEARER RHINE

American Doughboys Complete Second Day's Lap of March

(By United Press.)

With the Americans in Prussia, Dec. 4.—The American army marching in the Moselle valley, today arrived within less than four miles of Coblenz.

The second lap of the American occupation of Rhenish Prussia has ended with the doughboys ten miles nearer the Rhine. They have entered scores of villages and now occupy 1,000 square miles of German territory. The inhabitants of the occupied territory displayed nearly sullen indifference. So far there have been no signs of hostilities except minor manifestations on the part of the children.

BEST CHILDREN'S COUGH MEDICINE

When in need of a remedy for stubborn Coughs or Colds, don't simply ask the druggist for a "Cough Medicine," but get the best. Insist upon getting **SCHIFFMANN'S EXPECTORANT** and don't be induced into buying something else. The Druggist will refund your money if it does not give perfect satisfaction or is not found the best remedy ever used for all Bronchial affections. A bottle (50 cents worth) makes 64 teaspoonsful of the most excellent cough medicine, after being mixed at home with honey or sugar syrup. Prepared from strictly harmless plants. Contains absolutely no narcotics as do most cough remedies, and it is therefore safest for children. Pleasant to take and children are fond of it. Absolutely no risk whatever is run in buying the remedy under this positive guarantee. **R. J. Schiffmann, Prop., St. Paul, Minn.**

RETIREMENT OF BONDS IS BEGUN

This is Revealed Today in Annual Report of Treasury Department For Fiscal Year.

\$250,000,000 IS BOUGHT BACK

Secretary Urges War Savings Campaign be Continued as a Peace Time Measure.

Washington, Dec. 4.—Retirement of Liberty bonds by the treasury has begun. This was revealed today in the annual report of the treasury department for the fiscal year ending June 30, 1918.

A total of \$250,000,000 of the First, Second and Third bond issue had been bought back by the treasury Nov. 1. This does not represent quite 5 per cent of each issue, which under the Liberty Loan act, the treasury is permitted to buy back each year.

It was indicated that after this year the full 5 per cent of each issue would be retired. This will eliminate the piling up of a great sinking fund, reduce the interest payments annually and permit retirement of all bonds at the maturity 20 years hence.

Secretary McAdoo estimates that in the fiscal year ending June 30, 1919, public debt redemption will aggregate \$6,050,000,000. The grand total of expenditures for the year is estimated at \$27,713,123,000 which is approximately \$7,000,000 more than the estimated total receipts. The recent treasury announcement of a fifth war loan therefore was accepted to mean that the next loan would be for 5,000,000,000. This belief was based on calculations of a further reduction in expenditures, officials said.

In the report, the secretary strongly urges that the war savings campaign be continued as a peace time measure of thrift. He estimates that the 1919 series of thrift stamps should bring more than 1,250,000,000 to the government, thirty-five per cent more than last year.

Discovery and development of a process for producing glycerine synthetically by fermentation of sugar is disclosed by the report. The discovery was made by chemists attached to the bureau of internal revenue and afforded assurance during the latter part of the war that there would not be a glycerine shortage for munitions manufacture.

The financial transformation from peace to war was accomplished, McAdoo declares, without "shock or financial disturbance of any kind. The credit and business structure of the nation remains sound and strong."

In this connection the report points out that "it must not be regarded that entire amounts expended during 1917 and 1918 have been permanently absorbed. A large part

127-ACRE FARM At PUBLIC AUCTION

I, the undersigned, will sell at auction my farm, located at edge of New Salem, on Rushville and Andersonville Pike, on

Tuesday, Dec. 17th, 1918

Described as follows: 127 acres, located at edge of New Salem; buildings on Rushville and Andersonville Pike; also in one of the most fertile farming districts of Rush County.

At New Salem we have two churches, bank, commissioned high school, two general stores, two garages, elevator, two blacksmith shops, and in fact, when the Traction line that is sure to be built in the near future goes through, we feel that New Salem, located as it is in the heart of the richest body of land in Rush county, will be a great business center and that will, undoubtedly, increase the value of this farm wonderfully, and the above proposition is sure to go as right of way is all paid for. Would have been built before now, but the war made it impossible to secure rails, but now it is sure to go.

This farm has 20 acres blue grass; balance good, rich sugar and walnut land; 22 acres of growing wheat.

Has good eight-room house, wash house, milk house, coal house, all in connection; never have to leave house for anything in bad weather. Cistern, good driven well, two good barns, corn cribs, poultry house, in fact, everything in out-buildings.

Those interested in buying a good, rich piece of land, beautifully located, can call at any time and I will be more than pleased to show you the entire place.

I WILL ALSO SELL ALL MY PERSONAL PROPERTY AS I AM MAKING A CLEAN-UP OF EVERYTHING ON SAME DAY OF FARM SALE.

TERMS—When bid off the buyer will be required to pay in cash or its equivalent, to cashier of sale, John F. McKee, Four Thousand Dollars. On balance of purchase price, if time for arrangements are wanted by purchaser, will grant 30 days' time in which to make any arrangements needed to make final settlement. Will furnish abstract of title up-to-date.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser"—with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relations—to be had at some drug-stores or send 50c. to Publisher, 654 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

Laporte, Ind.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that it would go hard with me, but one bottle of Dr. Pierce's Favorite Prescription completely removed my pains and the critical time passed so easily that I was scarcely conscious of it. It is fifteen years since I took that one bottle of 'Favorite Prescription' and I am just as strong and well as can be and have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Alice Brady at Princess

At the Princess theatre tonight Alice Brady will appear in, "The Mercy of Men," a romance of turbulent Petrograd, with thrills and emotions. An extra attraction will be "Pathe News". Thursday Pauline Fredricks comes in "Her Final Reckoning". A special picture will be on the program for Friday, "We Can't Have Everything."

Fairbanks at The Mystic

Douglas Fairbanks, who is almost every sort of an athlete, finds new changes for acrobatics in "The Good Bad Man," at the Mystic Thursday. He went to the desert with the director Allan Dawn and several scores of real Western cowboys, a virtual tenderfoot. He comes back ten days later, having not only learned every sort of horsemanship the cowboys could show him but having used most of them in the picture.

And be sure that no one doubles for Doug. Fairbanks, whatever he risks. If there is something hard to do, like outfoxing a professional pugilist, or outdaring a wiry cowboy, that is the particular thing that the irrepressible young star is looking forward to with a boy's enthusiasm.

He found plenty of the sort in "The Good Bad Man," and in the words of one of the cowboy company, "He just ate 'em, licked his lips and looked for more."

SAY U. S. COURT HAS NO AUTHORITY

Union Carmen in Indianapolis Allege Judge Anderson Has No Authority in Injunction Suit.

ARGUMENTS HEARD TODAY

(By United Press.)

Indianapolis, Ind., Dec. 4.—Arguments on motions for the dismissal of the injunction suit filed by the Indianapolis street car company against the street car men's union to prevent a strike, were held before Judge Anderson in federal court today.

Attorneys for the union men declared that the United States district court has no jurisdiction in the matter. Judge Anderson has previously ruled that he had jurisdiction in the case.

The court is not expected to take the final action before Dec. 13, when the sixty day trial period for the new straight five cent fare will expire.

Amateurs Run Wild.

Plumbers are useful; but you don't take a sick tooth to a plumber. There are watchmakers who are almost magicians. The experience of a lifetime has given them a dexterity approaching the supernatural. Yet we inversely send for a gas-fitter when we want a gaspipe fixed.

Political revolutionaries of the more radical kind are less methodical. One would imagine that the right person to discuss the needs of the working man would be one who had worked at some kind of a trade himself. You can be a good brick-layer, and still possess capacity for organization; but bolsheviks don't recognize this. To be a leader of their ranks it is generally a qualification to be ignorant of all trades. They usually pick a man who has

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Oleosin; Capsicum; Kolo.

The Peril of Parternalism.

There is abundant logic in the tendency lately shown to entrust important private industries to the government. We have been passing through acutely critical times.

It is necessary even under normal conditions that industries should be supervised by the government, particularly when they grow to such a size that they are public utilities. It is the only way to provide safeguards against private tyranny.

When a man invents a new product or a new field of industry he invests time and money in the hope of success. And if it becomes so useful that everybody wants it it is a utility. But if it is taken from him without compensation every one else will take care to prevent his own product from becoming generally useful. He will stop short of making it good enough to be universally popular.

Several years ago a group of scientists conducted experiments with hermetically sealed jars and tins, and worked out processes of preserving animal and vegetable products. The result of their experiments was commercialized, and the outcome was the packing business, which many people declare to be a utility. It is. And there are others—the barber business, for example. Whiskers are pretty general among males.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act. This famous salts is made from acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

with profound deference yielded by diplomats grown gray in Europe's quarrels, who see centuries beyond their generation, the American atmosphere is lost and an alien influence envelops our President.

"A courtier's smile and the bending knee of a sycophant have entangled a nation in fatal alliances. The kiss of a sensuous woman has changed the course of an empire. Mark Antony is not the only susceptible official whose public service has deviated from the line of duty swayed by Egypt's daughter. The savory fragrance of incense offered by alien satellites may mount with intoxicating power to a head already strangely obsessed with the phantasy that he (the President) has become the state."

Senator Williams of Mississippi made sharp answer to Senator Sherman's address and defended the President's self-appointment as a peace delegate and his trip to Paris. Senators Knox, Curtis, Smith of Colorado, and others also spoke briefly in the course of the debate. Senator Knox recalled that America's first President, holding that the executive should remain on American soil, had made a visit to the New England states, but omitted going to Rhode Island because at that time it had not yet become a part of the young republic.

"Kings, Emperors, Presidents—all have left their territory," said Senator Williams, "and not one in history has been deprived of his functions for that reason."

"I don't know of any real lawyer, publicist, or real man of real common sense who believes that Woodrow Wilson is doing anything wrong or unconstitutional, at any rate, when he goes to France. Gentlemen may bark and try to bite, but they can't bite."

Citing Premier Clemenceau, Lloyd George and other leaders in the war, Senator Williams named Mr. Wilson as "last, but not least" among them.

"And I warn the gentlemen," he continued, "that they can't tear down either of them. The President knows it is better for him to have heart-to-heart talks with Clemenceau, Lloyd George, the premier of Italy and King Albert."

Vice President Marshall presided over the Senate while the debate lasted, and he seemed to enjoy it all, sometimes smiling over some of the things said. The Vice President, however, does not contemplate removing his place of abode from the Willard Hotel to the White House.

Old Prescription For Weak Kidneys

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfils almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which caused rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Rushville Republican. Large and medium size bottles for sale at all drug stores.—(Adv.)

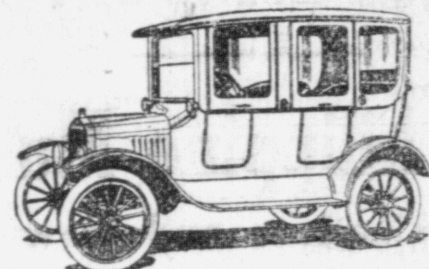

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.
Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL Spreaders you will find on our sample floor. Come in and see it.

plans for the coming year and they decided to sew all day at the Red Cross rooms Monday and have a lunch at the noon hour. All members are urged to be present for there is a great demand for workers to complete the garments, which are on hands.

The Loyal Daughters French class of the Main Street Christian church will meet tonight in the parlors of the church at 7:30.

The members of the Lurline Council will meet Thursday evening in the Red Men's Hall at 7:30 o'clock. A good attendance is desired as officers will be elected at this meeting.

Miss Florine Gronier entertained the members of the Young Ladies Mission Circle of the Christian church last evening at her home in North Main street. After the business meeting a very instructive program was given, with Miss Laura Holden reading a paper taken from The Mission Study book, which they are studying this year. Also Miss Prudence Pope read a paper written from the study book. Miss Sylvia Wolters rendered a beautiful vocal solo after which an interesting talk was given by Mrs. Walter Frazee on the aim of the society and its realization. The next meeting will be in a month at the home of Miss Edith Brown.

The Ladies Musicales will meet tomorrow afternoon in the St. Paul's M. E. church at 2:30 o'clock for the business meeting and at 3 o'clock the program will be given, which will consist of French music and will be in charge of Mrs. Ralph Miles and Mrs. Ed. Chambers.

The members of the Willing Workers Sunday school class of the St. Paul's Methodist church will meet tomorrow afternoon at the home of Mrs. Frank Windeler in Circleville. The members are requested to be at the court house at 2:15 o'clock.

COMBINATION ALLEGED

Washington, Dec. 4.—The federal trade commission, in a supplemental report submitted to the congress yesterday, charged the five big meat packing companies of the country with a combination in restraint of trade and with controlling the sale of live stock and fresh meats. Evidence is cited at length to support the charges. Swift & Co., Armour & Co., Morris & Co., the Wilson Company, Inc., and the Cudahy Packing Company are named.

Obituaries ---33

ELBERT SYLVESTER JARRETT.
Elbert Sylvester Jarrett, son of Jesse and Catherine Jarrett, was born in Abington, Wayne county, Indiana, June 3, 1843. The family came to Rushville, Indiana, when he was nine years old. Later they came to Homer where he resided until his marriage to Miss Mary Ellen Craigie Feb. 14, 1867. From that time on he was a resident of Manilla in the house formerly known as the Craigie House, a hotel widely known for thirty years. He and his brothers managed a saw mill in Homer. He also engaged in merchandising and in selling drugs in Manilla. Later he managed the farm, so that his

life has been a busy one. He became a member of the Pleasant Ridge Methodist Episcopal church many years ago. Jan. 3, 1905, he became a member of Manilla M. E. church where he and his wife have been faithful members and regular attendants until his last sickness confined him to his bed. Still his longing was great to be with the congregation whenever the bell would ring for service. For many years he has been Treasurer of the Sunday School and a safe adviser as a member of the Board. He was a member of W. & A. M. having joined in 1877.

When apparently near the crossing out of this life, although in much pain, he expressed to his pastor and others his trust in God and his peace with Him—patiently awaiting the Father's will. Even when in health he philosophically and religiously conversed with his wife calmly about the certainty of death. He was modest and unassuming and made a wide circle of friends who unite in saying, "He was a good man." The home life between his wife and himself was ideal—lovers to the last—lovers still—to be enjoyed more fully even in the life to come. Besides his wife he leaves two brothers, Emery A. of Homer, Indiana, and Alonzo, of near Matton, Illinois, and a brother-in-law George B. Covell, of Homer. An affectionate husband, a Christian gentleman, an hospitable neighbor, took his departure from earth Tuesday November 26, 1918, shortly after nine p. m.

We cannot look upon him as dead, but as having obtained the promise of eternal life. Not dead, but promoted to the place prepared for him by our Saviour. Reunited with those washed in the blood of the Lamb. Appropriate are the words of Indiana's tenderhearted poet:—

"I cannot say, I will not say
That he is dead. He is just away.
With a cheery smile, and a wave of the hand
He has wandered into an unknown land,
And left us dreaming how very fair

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

It needs must be, since he lingers there..
Mild and gentle as he was brave,
When the sweetest love of his life he gave
To simpler things—
To think of him still as the same, I say:
He is not dead—he is just away."
To which the Master will surely add his approval, for he says:
"IF IT WERE NOT SO I WOULD HAVE TOLD YOU."

There was a union Thanksgiving service at the Arlington M. E. church. The Rev. Mr. Crawley of the Christian church delivered the address.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

GRANTED A DIVORCE

Judge Sparks Rules in Case Taken Under Advisement—Three Grand Jurors Excused.

NEW VENIRE PETIT JURORS

A divorce has been granted to Clarence Lovitt from Glennie Lovitt by Judge Sparks in the circuit court. The evidence in the case was heard last Saturday and taken under advisement. In the meantime Mrs. Lovitt was arrested for improper relations with Ernest Levi and was fined \$1 and costs by Mayor Irvin.

There was no jury trial in court today. The 10,000 damage suit of the Lillie Augustine against George Augustine would have continued over today if it had not been compromised yesterday afternoon.

The court yesterday excused Frank Abercrombie of this city and Rue P. Henley and Oscar Alexander of Ripley township from serving in the grand jury and the jury commissioners selected William B. Crane of Anderson township, William H. Chance of Center and Harry Clifford of Rushville to take their places. An extra venire of petit jurors has also been drawn as follows: L. L. Ferree of Rushville, Clyde A. Archey of Anderson, Orian Myers of Noble, Frank Moore of Richland and Burton V. Miller of Walker.

on the ship's deck and were applauded by persons assembled on the pier.

The President, in high spirits, said he was looking forward to the voyage as a rest—indeed, the first real rest since he assumed office. He remarked that it might be "an enforced rest for a few days." Thus acknowledging his reputation for being a very poor sailor. The George Washington with its convoy of war vessels will take the southern route

STOMACH DEAD MAN STILL LIVES

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Johnson's Drug Store and is rigidly guaranteed to build up the stomach and cure indigestion or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only a few cents. Remember, the name, Mi-o-na stomach tablets. They never fail.—Adv.

Walter E. Frazee Again Heads County Christian Churches

Walter E. Frazee of this city was re-elected president and Will M. Bosley of Milroy secretary-treasurer of the county organization of Christian churches at the closing session of the annual convention yesterday afternoon. Miss Edith Brown of this city was elected superintendent of the Christian Endeavor department and Mrs. Heaton of New Salem superintendent of the Sunday school department. Reports from the eighteen churches of the county showed them in a flourishing condition. The addresses by Mrs. O. H. Giest of Fort Wayne and Garry Cook and G. I. Hoover of Indianapolis were appreciated.

PRESIDENT SAILS FROM NEW YORK

Steamer George Washington, With
Airplanes Circling Overhead,
Moves Away at 10:20

CROWDS CHEER VESSEL AWAY

Transport Lapland Loaded With
Homecoming Boys Dock as George
Washington Departs.

(By United Press.)

New York, Dec. 4.—President
Wilson is on the high seas on
his way to the peace confer-
ence. His steamer, George
Washington, crossed Sandy-
Hook and headed for France at
11:45 a. m. today.

New York, Dec. 4.—With Presi-
dent Wilson and Mrs. Wilson stand-
ing on the deck, the steamer George
Washington, going to the peace con-
ference, moved away from her dock
at 10:20 a. m. today. As the steam-
er backed out into the stream two
American airplanes circled over-
head. Two destroyers took their
station beside the vessel. Large
crowds cheered the vessel away.

Shortly before the vessel sailed,
the transport Lapland loaded with
homecoming troops came up and
docked, waiting for the George
Washington to pass. Pres. and Mrs.
Wilson joined in welcoming the
boys back.

The president's special train ar-
rived here at 7:40 this morning. It
backed onto a switch beside the pier.
As the George Washington sailed in-
to the lower bay, the convoy fleet
swung into line, headed by the
dreadnaught Pennsylvania, which is
to lead the voyage.

Previously to President Wilson's
departure, it became known that he
goes determined against militarism
in any form. The crushing of Prus-
sian militarism was a part of his
plan for the future peace of the
whole world, the President feels ac-
cording to persons who conferred
with him on the transport George
Washington.

A picturesque military reception
was accorded the President, Mrs.
Wilson, Secretary of War Baker,
Secretary Lansing, Secretary Tamm
and others who were passengers
on the President's special train.

Between the spur of track on
which the train drew up at the en-
trance to the pier and the North
river terminus of the pier, an arch-
way of American flags had been
erected. As the President stepped
from the train and shook hands with
General G. H. McManus, bugles and
drums sounded, and an army band
played "The Star-Spangled Ban-
ner." Army guards and girls of the
army transport service were drawn
up in military formation.

Accompanied by General McMan-
us and his staff, the presidential
party moved slowly under the arch-
way of flags and between solid rows
of soldiers, who presented arms as
the President and Secretary Baker
passed.

Admiral Albert Gleaves, head of
the cruiser and transport division of
the Atlantic fleet, met the President
and shook hands with him at the
entrance to the gangway.

The President said good-by to
General McManus and, accompanied
by Admiral Gleaves, went on board
the transport, where he was intro-
duced to Captain McCauley, the
commander of this former North
German Lloyd steamship.

Secretary Baker planned to leave
the George Washington before it got
under way. Secretary Tamm, how-
ever, remained on board for a
final conference with the President
and it had been arranged for a tug-
boat to take him off at quarantine
and bring him back to the city.

President and Mrs. Wilson had
breakfast alone in the private din-
ing room which is part of their
suite. Later they took a short stroll

SERGEANT WOOLLEN REACHES NEW YORK

Former Rushville Boy Comes From
England on Mauretania After
Five Months Abroad

IN BOTH ENGLAND AND FRANCE

Sergeant Wilbur Woollen, former-
ly of this city, landed in New York
yesterday, from England, according
to a message received here today.
Sergt. Woollen is a member of the
168th aero squadron which sailed
from Liverpool last week on the
Mauretania. His message said:

"Just arrived on the Mauretania
and am on good old American soil.
Certainly received a wonderful wel-
come by city. Am feeling fine and
expect a discharge in two weeks."

Sergt. Woollen is the son of W. A.
Woollen, former L. E. & W. agent
here, who now lives in Summitville.
He enlisted in the aviation section
of the signal corps December 13,
1917 and sailed July 1 last, landing
in England first. He was in France
for a short time and then returned
to England.

EACH STOCKHOLDER WILL RECEIVE \$4.05

Report of C. A. Frazee, County Fair
Association Receiver, Shows
Balance of \$1,017.43

248 SHARES OF STOCK HELD

Every stockholder in the defunct
Rush County Fair association is en-
titled to \$4.05 for each share of
stock he holds, according to the re-
port of the receiver, Charles A. Fra-
zee, which has been placed in the
hands of Judge Will M. Sparks of
the circuit court.

There are 248 shares of stock
held by individuals and corporations
and the balance on hand after the
receivership expenses were paid is
\$1,017.43, according to the re-
ceiver's report, which shows total
receipts of \$8,710.40 and disburse-
ments of \$7,692.97.

Stockholders may call at the of-
fice of the clerk of the circuit court
to get their share of the balance.
The basic price of the stock was
\$20, but in late years some of it
has sold as low as \$2.50 a share, and
in some cases stockholders have of-
fered to give it away. Some of the
fund remaining will likely never be
distributed because cases are known
of stockholders who have died after
leaving here.

SOME GROUND FOR FOUL PLAY THEORY

Mystery in Death of Mrs. William
Powell of Near Waldron Not
Cleared up by Coroner

FOUND BURNED TO A CRISP

Wound Found on Scalp and Trail of
Blood From Place to Where
Body Was Discovered

Shelbyville, Ind., Dec. 4.—Myster-
ious circumstances surrounding the
death of Mrs. William Powell, who
was found dead several weeks ago
at her home east of Waldron in
Shelby county were not cleared up
by Dr. G. I. Inlow, county coroner,
who filed his verdict late yesterday.
He says death resulted in "a man-
ner unknown."

The body of Mrs. Powell was
found burned to a crisp, lying on
the floor of a room in her home by
her husband and sister, Mrs. Anna
Buel, who had been away.

The coroner says, from testimony
given at the inquest and from con-
ditions about the house, there is
some basis for the theory of foul
play. Mr. Powell says he believes
his wife was murdered. He says
she received a check from Indiana-
polis a few days before her death.

Ralph J. Edwards, an undertaker
said he found a wound on the scalp
and that woman's nose had been
crushed. He said it appeared as if
she had been struck on the head
with some instrument. Mr. Powell
said blood and human hair had been
found matted on two chairs in the
room, and that there was a trail
of blood from the wall to the place
where the burned body was found,
a distance of ten feet.

It could not be determined how
the fire started. No matches were
in the room and no oil. It is un-
derstood that the matter is being
investigated by the prosecutor's of-
fice.

DISCUSSES PROSPECT OF FINISHING STREET

City Council Talks Informally Re-
garding Chances For Complet-
ing Pavement in Third

NO RESTRICTIONS DUE TO WAR

No business of any consequence
was transacted at the city council
meeting last night, the session last-
ing little more than a half hour.
There was some informal discus-
sion of the prospect of the Third
street improvement being completed
next spring, since the war is over
and there are no restrictions thrown
about public work.

It is probable that an effort will
be made to reach an amicable
agreement regarding the injunction
suit which the Indianapolis & Cin-
cinnati Traction company filed
against George T. Miller, the Third
street contractor, and his superin-
tendent, Roy Evans, last September,
and which resulted in halting the
improvement. The T. & C. alleged
that it was impossible to go on with
the pavement, according to the plans
and specifications, because of the
company's inability to get the steel
rails.

A temporary injunction was
granted against the contractor by
Judge Sparks September 7 and later
the city of Rushville was made a
party to the proceedings. Evidence
was heard on the matter of grant-
ing a permanent injunction October
23 but nothing further has been
done about the case.

XMAS SHOPPING IS DONE IN NOVEMBER

Great War Taught Among Other
Things Lessons of Prevision and
Efficiency

NO GERMAN MADE DOLLS

Whole Shopping Tendency and De-
mand of Christmas Shoppers is
for Good Goods.

November, just ended was un-
doubtedly the time of more Christ-
mas purchasing in Rushville than
ever before. The reasons are not a
once apparent, but it is sure that
they are pleasing to the merchants
as they should be, and are benefi-
cial to the buyers themselves. It
has been advanced as a theory that
the great war has taught some les-
sons of prevision and efficiency,
which needed sorely to be given and
received.

The merchandise offered for
Christmas time is as good as ever it
was. The prices are higher, in
range, yet they are no higher, indeed
in many items not as high propor-
tionately as other prices are. The
matter of toys has undergone a con-
siderable change. The sign "Made
in Germany" no longer smites the
eye of the shopper, and the Ger-
man made doll is not to be found.
Nobody would buy it if it was. In-
stead, and it is the opinion of every-
body who has seen the line—parti-
cularly the mechanical boys—which
also used to made almost exclusively
in Germany—that they are better,
very much better, than ever the
German craftsmen turned out. The
German made toys somewhat as he
made war—with great cunning but
poor even childish calculation of the
consequences of movements; also,
he did both with the ignoring con-
viction that nobody else in the world
could do either, at all. In mechan-
ical toys made in Germany, the pur-
chaser would get a pretty little con-
trivance, which looked impressive
and sold cheap. Wound up three
times; sent on three journeys across
the floor, and the toy became what
the great Hun war-machine is to day
—a wreck, a ruin, useless and hope-
less.

Not so with the mechanical toys
made in America. They cost more,
and they ought to, for they run, and
run, and run. They wear like Ameri-
cans themselves.

The whole shopping tendency and
demand is for good goods. The
cheap, the flimsy and the useless—
apart from toys, which are by no
means useless to children—are not
asked for. It follows that the ac-
tual money expenditure for this
Christmas probably will go higher,
by many a thousand, than ever be-
fore.

Some special lines of goods are
sold out already, so well have the
people learned the lesson of early
shopping. Merchants hope the last
few days before Christmas will be
saved for the small army of shop-
pers who will wait for their Christ-
mas Savings Club money, reinforced
by that other army of constitution-
ally tardy shoppers, who will do
nothing before the eleventh hour.

ESCAPE WITH SECURITIES

(By United Press.)

Leavenworth, Ind., December 4.—
Thousands of dollars in Liberty
bonds, war savings stamps and other
securities was procured by rob-
bers, who entered Leavenworth's
state bank early last night and
forced open safety deposit boxes.
Three men were in the party. Af-
ter looting the safety boxes they
fled in an automobile. The machine
broke down three miles from the
city and they awakened a farmer
and forced him to take them to Mil-
town, where they boarded an out-
bound train.

REPORT ABOUT 139TH FALSE

Capt. Dawson and Not Whole Regi-
ment Sails From French Port.

It appears that the report from
Indianapolis that the 139th Field
Artillery, in which are many Rush
county boys, sailed from a French
port Monday, is another "grape-
vine". It develops, since the Indi-
anapolis News last night printed the
text of a cablegram received by the
wife of Captain Mark A. Dawson,
Battery A, 139th, that it was only he
and not the whole regiment which
had sailed for home. A story in the
Indianapolis Star yesterday morning
said that the whole regiment had
sailed. It was based on the cable-
gram received by Mrs. Dawson.

RESTRICTION ON USE OF SUGAR REMOVED

It is Announced There is no Limit
on Purchases For Homes or
Eating Houses

NEW CROP BEGINS TO ARRIVE

Washington, Dec. 4.—Restrictions
on the purchase of sugar for con-
sumption in homes and public eating
places have been removed by the
food administration. Increase in the
supply of Louisiana cane and west-
ern beet sugar and expectation that
the new Cuban crop will begin to
arrive soon, permit abandonment of
the sugar ration system, the admin-
istration said. Regulations limiting
the purchase of sugar by domestic
consumers to three pounds a per-
son a month and by public eating
places to three pounds for every
ninety meals served, were issued
by the food administration last
June. These rations were later re-
duced to two pounds for each per-
son a month and two pounds for
each ninety meals. Since the ces-
sation of hostilities the food admin-
istration had relaxed the restric-
tions gradually until the ration
reached four pounds.

DISCUSSION OF PEACE TERMS IN THE SENATE

Resolution is Introduced Calling on
President to Interpret His Four-
teen Terms

PUBLICITY IS DEMANDED

(By United Press.)

Washington, Dec. 4.—Discussion
of President Wilson's fourteen peace
terms broke out today in the senate.
Senator Frelinghuysen introduced a
resolution calling on the president
to interpret the fourteen terms. Fre-
linghuysen declared it is impos-
sible to say that the fourteen terms
represent the view of the American
people, because no interpretation
has ever been made, defining just
what they mean.

Senator Walsh, of Montana, criti-
cized him for raising such an is-
sue, a year after the president out-
lined the terms.

Senator Borah, of Idaho, officially
announced a resolution providing
that as soon as a treaty of peace
shall be received by the senate, it
shall be made public. The exclu-
sion of Germany from the proposed
league of nations was demanded.

84 MORE CASES OF THE 'FLU' DEVELOP

Reports Received by Health Officers
Indicate That Epidemic is Grow-
ing in County

6 NEW CASES IN RUSHVILLE

Milroy, Reporting 48 Additional Pa-
tients, Calls on Red Cross for
Nurses Today.

With eighty-four more cases, of
the influenza reported in Rush coun-
ty during the last twenty-four hours,
only six of which are in Rushville,
the epidemic did not seem in the
least abated, but rather to be grow-
ing.

Milroy and vicinity seems to be
the worst afflicted community in the
county. Today's report includes
forty-eight new cases in that neigh-
borhood, bringing the total number
of patients discovered to be suffer-
ing with the disease in the last ten
days, up to 119. It is estimated
that there are at least one hundred
and fifty cases in Milroy and vicin-
ity. A hurry-up call for nurses was
sent to the Red Cross today from
Milroy.

The city health board is not al-
armed at the situation here because
the daily reports of new cases do
not indicate that the malady is gain-
ing ground. For two weeks the av-
erage daily number of new cases has
been about five. Some days no new
patients have been found and on
others new cases have run as high
as seven. A very small percent of
the patients are school children,
supports the belief of the health offi-
cials that there is not likely to be
any epidemic break out in the
schools.

Many patients in Milroy and sur-
rounding neighborhood are suffering
for the want of care, according to
the report which was received here
today, and the Red Cross was mak-
ing every effort to locate some nurs-
es which could be sent there. There
was not much prospect of any local
nurses being released, however, be-
cause as quickly as a nurse is dis-
charged from one home here, there
are always several places open for
them.

Dr. Kennedy of Milroy yesterday
reported five more cases in addition
to the seventy-one which he has re-
ported to the county health officer
since November 24, making seventy-
six which have come to his atten-
tion in ten days. Dr. Lampton of
Milroy reported forty-three more
cases yesterday.

The report of Dr. Bowen of Occi-
dent, showing thirty new cases
since November 30, discloses that
the malady is fast spreading in the
northern part of the county. His
report stated four patients devel-
oped the disease on November 30;
seven on December 1 and nineteen
on December 2.

Today's reports make the total
number of patients which have been
afflicted since the influenza became

TEN MILES NEARER RHINE

American Doughboys Complete Sec-
ond Day's Lap of March

(By United Press.)

With the Americans in Prussia,
Dec. 4.—The American army march-
ing in the Moselle valley, today ar-
rived within less than four miles of
Coblenz.

The second lap of the American
occupation of Rhenish Prussia has
ended with the doughboys ten miles
nearer the Rhine. They have enter-
ed scores of villages and now oc-
cupy 1,000 square miles of German
territory. The inhabitants of the
occupied territory displayed nearly
sullen indifference. So far there
have been no signs of hostilities
except minor manifestations on the
part of the children.

BEST CHILDREN'S COUGH MEDICINE

When in need of a remedy for stubborn Coughs or Colds, don't simply ask the druggist for a "Cough Medicine," but get the best. Insist upon getting **SCHIFFMANN'S EXPECTORANT** and don't be induced into buying something else. The Druggist will refund your money if it does not give perfect satisfaction or is not found the best remedy ever used for all Bronchial affections. A bottle (50 cents worth) makes 64 teaspoonful of the most excellent cough medicine, after being mixed at home with honey or sugar syrup. Prepared from strictly harmless plants. Contains absolutely no narcotics as do most cough remedies, and it is therefore safest for children. Pleasant to take and children are fond of it. Absolutely no risk whatever is run in buying the remedy under this positive guarantee. **R. J. Schiffmann, Prop., St. Paul, Minn.**

RETIREMENT OF BONDS IS BEGUN

This is Revealed Today in Annual Report of Treasury Department For Fiscal Year.

\$250,000,000 IS BOUGHT BACK

Secretary Urges War Savings Campaign be Continued as a Peace Time Measure.

Washington, Dec. 4.—Retirement of Liberty bonds by the treasury has begun. This was revealed today in the annual report of the treasury department for the fiscal year ending June 30, 1918.

A total of \$250,000,000 of the First, Second and Third bond issue had been bought back by the treasury Nov. 1. This does not represent quite 5 per cent of each issue, which under the Liberty Loan act, the treasury is permitted to buy back each year.

It was indicated that after this year the full 5 per cent of each issue would be retired. This will eliminate the piling up of a great sinking fund, reduce the interest payments annually and permit retirement of all bonds at the maturity 30 years hence.

Secretary McAdoo estimates that in the fiscal year ending June 30, 1919, public debt redemption will aggregate \$6,050,000,000. The grand total of expenditures for the year is estimated at \$27,713,123,000 which is approximately \$7,000,000,000 more than the estimated total receipts. The recent treasury announcement of a fifth war loan therefore was accepted to mean that the next loan would be for 5,000,000,000. This belief was based on calculations of a further reduction in expenditures, officials said.

In the report, the secretary strongly urges that the war savings campaign be continued as a peace time measure of thrift. He estimates that the 1919 series of Thrift stamps should bring more than 1,250,000,000 to the government, thirty-five per cent more than last year.

Discovery and development of a process for producing glycerine synthetically by fermentation of sugar is disclosed by the report. The discovery was made by chemists attached to the bureau of internal revenue and afforded assurance during the latter part of the war that there would not be a glycerine shortage for munitions manufacture.

The financial transformation from peace to war was accomplished, McAdoo declares, without "shock or financial disturbance of any kind. The credit and business structure of the nation remains sound and strong."

In this connection the report points out that "it must not be regarded that entire amounts expended during 1917 and 1918 have been permanently absorbed. A large part

127-ACRE FARM At PUBLIC AUCTION

I, the undersigned, will sell at auction my farm, located at edge of New Salem, on Rushville and Andersonville Pike, on

Tuesday, Dec. 17th, 1918

Described as follows: 127 acres, located at edge of New Salem; buildings on Rushville and Andersonville Pike; also in one of the most fertile farming districts of Rush County.

At New Salem we have two churches, bank, commissioned high school, two general stores, two garages, elevator, two blacksmith shops, and in fact, when the Traction line that is sure to be built in the near future goes through, we feel that New Salem, located as it is in the heart of the richest body of land in Rush county, will be a great business center and that will, undoubtedly, increase the value of this farm wonderfully, and the above proposition is sure to go as right of way is all paid for. Would have been built before now, but the war made it impossible to secure rails, but now it is sure to go.

This farm has 20 acres blue grass; balance good, rich sugar and walnut land; 22 acres of growing wheat.

Has good eight-room house, wash house, milk house, coal house, all in connection; never have to leave house for anything in bad weather. Cistern, good driven well, two good barns, corn cribs, poultry house; in fact, everything in out-buildings.

Those interested in buying a good, rich piece of land, beautifully located, can call at any time and I will be more than pleased to show you the entire place.

I WILL ALSO SELL ALL MY PERSONAL PROPERTY AS I AM MAKING A CLEAN-UP OF EVERYTHING ON SAME DAY OF FARM SALE.

TERMS—When bid off the buyer will be required to pay in cash or its equivalent, to cashier of sale, John F. McKee, Four Thousand Dollars. On balance of purchase price, if time for arrangements are wanted by purchaser, will grant 30 days' time in which to make any arrangements needed to make final settlement. Will furnish abstract of title up-to-date.

SIDNEY L. HUNT

DUSTY MILLER, Auctioneer.

JOHN F. McKEE, Cashier.

Here's a Fair Question For Farmers

Would your health be the best if you were limited to one-fourth pound of sweets per month?

How About Your Pigs?

Would they grow so rapidly or be so healthy if a very important part of a proper food ration were cut too low?

Successful feeders find that corn alone gives insufficient protein.

If you will feed your hogs a little of our 60% tankage along with corn, a well balanced food ration is assured.

Our 60% tankage more than pays for itself in healthier and larger hogs.

There was never a time when the sacrifices and the help of women were more appreciated than at the present time. Women should learn war-nursing and nursing at home. There is no better way than to study the new edition of the "Common Sense Medical Adviser" with chapters on First Aid, Bandaging, Anatomy, Hygiene, care of the Sick, Diseases of Women, Mother and Babe, the Marriage Relations—to be had at some drug-stores or send 50c. to Publisher, 654 Washington Street, Buffalo, N. Y.

If a woman suffers from weak back, nervousness or dizziness—if pains afflict her, the best tonic and corrective is one made up of native herbs and made without alcohol, which makes weak women strong and sick women well. It is the prescription of Dr. Pierce, used by him in active practice many years and now sold by almost every druggist in the land, in liquid or in tablets. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. Dr. Pierce's Pleasant Pellets are also best for liver and bowel trouble.

Report, Ind.—"When approaching middle life I suffered severely. I had never before suffered with any sort of womanly weakness and I was very much afraid that it would go hard with me. One bottle of Dr. Pierce's Favorite Prescription completely restored my peace and the nervous system. I was so much better that I was scarcely conscious of it. It is fifteen years since I took that one bottle of 'Favorite Prescription' and I am just as strong and well as ever and have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise every one by all possible means to get it."—Mrs. S. J. Baker, 1111 East St.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Alice Brady at Princess

At the Princess theatre tonight Alice Brady will appear in, "The Mercy of Men," a romance of turbulent Petrograd, with thrills and emotions. An extra attraction will be "Pathe News". Thursday Pauline Fredricks comes in "Her Final Reckoning". A special picture will be on the program for Friday, "We Can't Have Everything."

Fairbanks at The Mystic

Douglas Fairbanks, who is almost every sort of an athlete, finds new changes for acrobatics in "The Good Bad Man," at the Mystic Thursday. He went to the desert with the director Allan Dawn and several scores of real Western cowboys, a virtual tenderfoot. He comes back ten days later, having not only learned every sort of horsemanship the cowboys could show him but having used most of them in the picture.

And be sure that no one doubts for Doug. Fairbanks, whatever he risks. If there is something hard to do, like outboxing a professional pugilist, or outriding a wiry cowboy, that is the particular thing that the irrepressible young star is looking forward to with a boy's enthusiasm.

He found plenty of the sort in "The Good Bad Man," and in the words of one of the cowboy company, "He just ate 'em, licked his lips and looked for more."

Union Carmen in Indianapolis Allege Judge Anderson Has no Authority in Injunction Suit.

ARGUMENTS HEARD TODAY

(By United Press.)

Indianapolis, Ind., Dec. 4.—Arguments on motions for the dismissal of the injunction suit filed by the Indianapolis street car company against the street car men's union to prevent a strike, were held before Judge Anderson in federal court today.

Attorneys for the union men declared that the United States district court has no jurisdiction in the matter. Judge Anderson has previously ruled that he had jurisdiction in the case.

The court is not expected to take the final action before Dec. 13, when the sixty day trial period for the new straight five cent fare will expire.

Amateurs Run Wild.

Plumbers are useful; but you don't take a sick tooth to a plumber. There are watchmakers who are almost magicians. The experience of a lifetime has given them a dexterity approaching the supernatural. Yet we perversely send for a gas-fitter when we want a gaspipe fixed. Political revolutionaries of the more radical kind are less methodical. One would imagine that the right person to discuss the needs of the working man would be one who had worked at some kind of a trade himself. You can be a good brick-layer, and still possess capacity for organization; but bolsheviks don't recognize this. To be a leader of their ranks it is generally a qualification to be ignorant of all trades. They usually pick a man who has

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no such thing as the "German" of Bio-feren. It is printed on every package. Here it is: Lecithin, Calcium Glycero-phosphate, Iron Phosphate, Potassium, Sodium, Gentian, Vanilla, Flavored Gelatin, Raspberry, Orange, Capsicum, Kolo.

The Peril of Partisanship.

There is abundant logic in the tendency lately shown to entrust important private industries to the government. We have been passing through acutely critical times.

It is necessary even under normal conditions that industries should be supervised by the government, particularly when they grow to such a size that they are public utilities. It is the only way to provide safeguards against private tyranny.

When a man invents a new product or a new field of industry he invests time and money in the hope of success. And if it becomes so useful that everybody wants it it is a utility. But if it is taken from him without compensation every one else will take care to prevent his own product from becoming generally useful. He will stop short of making it good enough to be universally popular.

Several years ago a group of scientists conducted experiments with hermetically sealed jars and tins, and worked out processes of preserving animal and vegetable products. The result of their experiments was commercialized, and the outcome was the packing business, which many people declare to be a utility. It is. And there are others—the barber business, for example. Whiskers are pretty general among males.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Most forms uric acid.

No man or woman who eats meat regularly, can make a mistake by flushing the kidneys occasionally, says a well-known authority. Most forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irritable, or painful, or attended by a sensation of burning, get about four ounces of Jad Salts from any reliable druggist and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act.

This famous salt is made from a acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to dissolve the acids in urine so it no longer irritates, thus ending bladder disorders. Jad Salts is a powerful and gentle laxative, makes a delicious effervescent little water drink which all regular meat eaters should take now and then to keep the kidneys clean and the old poisons from building up in the blood.

Mr. Creel has promised to demobilize gradually the committee on public information. Restrictions on the use of print paper by the general press of the country may be expected to be removed at the same rate.

One of the first things the United States government should do is print a pamphlet with a complete list of the overseas casualties, arranged by states and subdivisions of states. We cannot immediately erect monuments to the boys who made the supreme sacrifice, but we can at least make a permanent record of their service in such form as to be readily available for reference by all who may be interested.

In view of the manner in which the clerical payroll at the national capital has been loaded down in the past, it would not be surprising if the administration found it necessary to employ an additional number of clerks to supervise the dismissal of the war-emergency employees.

MOLINE UNIVERSAL TRACTOR

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

PRESIDENT NOT TO BE EMBARRASSED

Congress Will Not Handicap Wilson While on Peace Mission, It Is Believed

RESOLUTION WILL BE LOST

House G. O. P. Leader Says Factional Strike Will Not Hamper American Delegates

Washington, Dec. 4.—The resolution of Senator Sherman of Illinois, declaring that the legislative power of the government is suspended while President Wilson is in Europe and in effect providing that Vice President Marshall shall assume the executive duties in the absence of the President, is not likely to pass.

While many Democratic senators are wrathful because the President failed to consider the Senate in the selection of peace delegates, all are expected to oppose the Sherman resolution and several Republican senators will vote against it when a vote is taken.

While the debate was proceeding in the Senate, Representative Mann of Illinois, the Republican leader in the House, issued a statement declaring that factional strife should not be permitted to interfere with the President's mission. He said there would be no concerted effort by House Republicans to embarrass the President, but that he would not believe the American people would "tolerate any meddling in that which so vitally concerns them."

Senator Sherman, addressing the Senate yesterday afternoon in support of his resolution, declared that "the President has no power of his own volition to transfer the seat of government to the executive branch to an alien province," and that there is "an unwritten law of unbroken tradition surrounding the President's office that he must not leave the country even for a day." He declared his strong opposition to what he termed a migratory personal government.

"The intention of those who wrote and the American people who adopted the constitution was to guard the President against the insidious influence and battery incident to the servile adulation and absurd pomp of the kings and council chambers of the old world," continued the Illinois senator. "Amid crowns and reminiscences of ancient thrones,

with throned influence, surrounded by diplomats grown gray in Europe's councils, what he can do beyond their generation, the American atmosphere is lost, and an alien influence envelops our President."

"A courtier's smile and the bending knee of a sycophant have entangled a nation in fatal alliances. The kiss of a sensuous woman has changed the course of an empire. Mark Antony is not the only susceptible official whose public service has deviated from the line of duty swayed by Egypt's daughter. Treason's fragrance of incense offered by alien satellites may mope with intoxicating power to a head already strangely obsessed with the phantasy that he (the President) has become the state."

Senator Williams of Mississippi made sharp answer to Senator Sherman's address and defended the President's self-appointment as a peace delegate and his trip to Paris. Senators Knox, Curtis, Smith of Colorado, and others also spoke briefly in the course of the debate. Senator Knox recalled that America's first President, holding that the executive should remain on American soil, had made a visit to the New England states, but admitted going to Rhode Island because at that time it had not yet become a part of the young republic.

"Kings, Emperors, Presidents—all have left their territory," said Senator Williams, "and not one in history has been deprived of his functions for that reason."

"I don't know of any real lawyer, publicist, or real man of real common sense who believes that Woodrow Wilson is doing anything wrong or unconstitutional, at any rate, when he goes to France. Gentlemen may bark and try to bite, but they can't bite."

Citing Premier Clemenceau, Lloyd George and other leaders in the war, Senator Williams named Mr. Wilson as "last, but not least" among them.

"And I warn the gentlemen," he continued, "that they can't tear down either of them. The President knows it is better for him to have heart-to-heart talks with Clemenceau, Lloyd George, the premier of Italy and King Albert."

Vice President Marshall presided over the Senate while the debate lasted, and he seemed to enjoy it all, sometimes smiling over some of the things said. The Vice President, however, does not contemplate removing his place of abode from the Willard Hotel to the White House.

FAY MURPHY IS DEAD

Friends here received word this morning of the death of Miss Fay Murphy, daughter of Mr. and Mrs. Perry Murphy, at their home in Indianapolis, yesterday. Mrs. Murphy was formerly Miss Clara Beale of this city.

Old Prescription For Weak Kidneys

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact that, so many people claim, it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which caused rheumatism.

You may receive a sample bottle of Swamp-Root by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents also mention the Rushville Republican. Large and medium size bottles for sale at all drug stores. (Adv.)

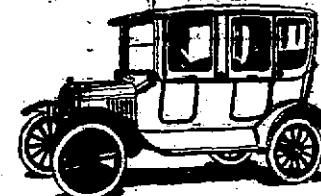

Ugly, Unightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.
Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they forestall eczema, boils, blotches, eruptions and other skin disorders that burn like fires of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known.

Go to your druggist, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

Detroit Weatherproof Detachable Tops

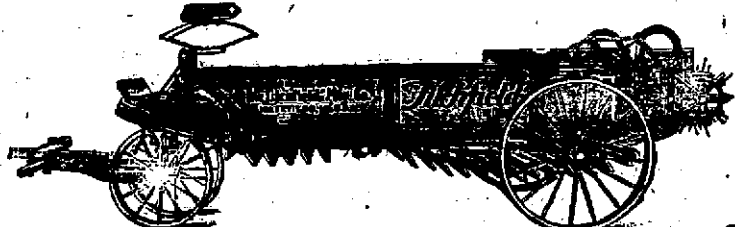

They are designed to afford motoring comfort in Winter as well as Fall and Summer.

They transform your Ford in a few brief seconds to a warm—absolutely storm-tight from windshield to rear window—brilliantly lighted limousine.

For the Ford driver who has considered winter driving a hardship rather than a pleasure, this patented all-weather top will be most acceptable as it eliminates instantly all his former hardships.

No bothersome side curtains to adjust in the biting cold or blinding snowstorms. The weatherproof top becomes an integral part of your Ford at a very reasonable cost.

The Biggest Money-Maker on the Farm

Every good farmer MUST have a plow, a cultivator or a wagon and some other things. He cannot raise a crop without a plow, but he can raise a crop, such as it is, without a manure spreader.

All farmers buy plows, cultivators and wagons because they have to, just as the small boy goes to school because he is compelled to.

When a boy grows big so he knows the value of schooling, he goes because he wants to. When a farmer grows big to know the value of a manure spreader and how many more bushels it will make each of his acres produce, he buys it, not because he is compelled to, but because he knows it is the best money-maker he can put on his farm.

If our country demands more food, if we must feed besides the people of our own United States, many of the peoples of the belligerent countries, our duty is plain—we must make every acre produce to its limit. There is no machine that will increase the otherwise normal output of any acre of ground as much as the manure spreader. There is no machine made today that will INCREASE the food production of this country as will the spreader. There is no manure spreader made that will come nearer the ideal or perfect machine than the RUSHVILLE SPECIAL. Spreaders you will find on our sample floor. Come in and see it.

AFTER THE GRIPPE

To regain your health and strength again you must take a tonic and for this purpose the Medical Profession is prescribing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form. Many preparations containing Iron are very constipating, but this is overcome by the addition of Aloin in Chase's Blood and Nerve Tablets, which contain all of the above tonic remedies. In these Tablets you have all that is good in tonic medicines without any harmful effects. They are safe and sure health builders and at this particular time it would be hard to over estimate their value.

Weigh yourself before taking them and see what you gain in weight and strength.

Nearly all druggists sell Chase's Blood and Nerve Tablets at sixty cents a box. Special ninety cents. Adv.

Obituaries---33

ELBERT SYLVESTER JARRETT.

Elbert Sylvester Jarrett, son of Jesse and Catherine Jarrett, was born in Abington, Wayne county, Indiana, June 3, 1813. The family came to Rushville, Indiana, when he was nine years old. Later they came to Homer where he resided until his marriage to Miss Mary Ellen Craig on Feb. 14, 1867. From that time on he was a resident of Manilla in the house formerly known as the Craig House, a hotel widely known for thirty years. He and his brothers managed a saw mill in Homer. He also engaged in merchandising and selling drugs in Manilla. Later he managed the farm, so that his

life has been a busy one. He became a member of the Pleasant Ridge Methodist Episcopal church many years ago. Jan. 3, 1905, he became a member of Manilla M. E. church where he and his wife have been faithful members and regular attendants until his last sickness confined him to his bed. Still his longing was great to be with the congregation whenever the bell would ring for service. For many years he has been Treasurer of the Sunday School and a safe adviser as a member of the Board. He was a member of I. & A. M. having joined in 1877.

When apparently near the crossing out of this life, although in much pain, he expressed to his pastor and others his trust in God and his peace with Him—patiently awaiting the Father's will. Even when in health he philosophically and religiously conversed with his wife calmly about the certainty of death. He was modest and unassuming and made a wide circle of friends who unite in saying, "He was a good man." The home life between his wife and himself was ideal—lovers, to the last—lovers still—to be enjoyed more fully even in the life to come. Besides his wife he leaves two brothers, Emory A. of Homer, Indiana, and Alonzo, of near Matton, Illinois, and a brother-in-law George B. Covell, of Homer. An affectionate husband, a Christian gentleman, an hospitable neighbor, took his departure from earth Tuesday November 26, 1918, shortly after nine p. m.

We cannot look upon him as dead, but as having obtained the promise of eternal life. Not dead, but promoted to the place prepared for him by our Saviour. Reunited with those washed in the blood of the Lamb. Appropriate are the words of Indiana's tenderhearted poet:—

"I cannot say, I will not say
That he is dead. He is just away.
With a cheery smile, and a wave of the hand
He has wandered into an unknown land,
And left us dreaming how very fair

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Back Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment. When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest St. Jacobs Liniment at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! The most penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It's magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and back ache so promptly.

It needs must be, since he lingers there. Mild and gentle as he was brave, When the sweetest love of his life he gave To simpler things— To think of him still as the same, I say: He is not dead—he is just away." To which the Master will surely add his approval, for he says: "IF IT WERE NOT SO I WOULD HAVE TOLD YOU."

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur restores its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. Take care to use preparation in a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

GRANTED A DIVORCE

Judge Sparks Rules in Case Taken Under Advisement—Three Grand Jurors Excused.

NEW VENIRE PETIT JURORS

A divorce has been granted to Clarence Lovitt from Glennie Lovitt by Judge Sparks in the circuit court. The evidence in the case was heard last Saturday and taken under advisement. In the meantime Mrs. Lovitt was arrested for improper relations with Ernest Levi and was fined \$1 and costs by Mayor Irvin.

There was no jury trial in court today. The 10,000 damage suit of the Lillie Augustine against George Augustine would have continued over today if it had not been compromised yesterday afternoon.

The court yesterday excused Frank Abercrombie of this city and Rue P. Henley and Oscar Alexander of Ripley township from serving in the grand jury and the jury commissioners selected William B. Crane of Anderson township, William H. Chance of Center and Harry Clifford of Rushville to take their places. An extra venire of petit jurors has also been drawn as follows: L. L. Perree of Rushville, Clyde A. Arehey of Anderson, Orlan Myers of Noble, Frank Moore of Richland and Burton V. Miller of Walker.

PRESIDENT SAILS

FROM NEW YORK

on the ship's deck and were applauded by persons assembled on the pier.

The President, in high spirits, said he was looking forward to the voyage as a rest—indeed, the first real rest since he assumed office. He remarked that it might be "an enforced rest for a few days." Thus acknowledging his reputation for being a very poor sailor. STOMACH DEAD MAN STILL LIVES

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by inaction just as surely as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid.

The best prescription for indigestion ever written is sold by druggists everywhere and by Johnson's Drug Store and is rigidly guaranteed to build up the stomach and cure indigestion or money back.

This prescription is named Mi-o-na, and is sold in small tablet form in large boxes, for only a few cents. Remember, the name, Mi-o-na stomach tablets. They never fail.—Adv.

Smile, Folks, Smile!

Let's throw away our long faces. Sure, we have had a hard time with the flu, and numerous other things, but Christmas is coming. We are unlike most merchants, we haven't any presents or special bargains to offer. The only big bargain that we offer is the saving in dollars and cents on your clothing bill. This Christmas season we are making an early appeal for you to make use of our dry cleaning establishment, and to have your garments dry cleaned, pressed and repaired. Don't wait until the remaining few days before Christmas, but send them to us tomorrow.

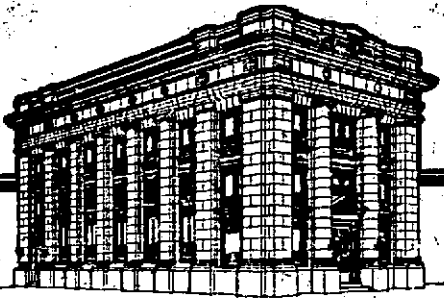

Ladies, Men and Children's garments are all included. Phone us. Our delivery is for you to use. Phone 1154.

Walter E. Frazee Again Heads County Christian Churches

Walter E. Frazee of this city was re-elected president and Will M. Bosley of Milroy secretary-treasurer of the county organization of Christian churches at the closing session of the annual convention yesterday afternoon. Miss Edith Brown of this city was elected superintendent of the Christian Endeavor department and Mrs. Heaton of New Salem superintendent of the Sunday school department. Reports from the eighteen churches of the county showed them in a flourishing condition. The addresses by Mrs. O. H. Giest of Fort Wayne and Harry Cook and G. L. Hoover of Indianapolis were appreciated.
